*Deceased	

HON. MALCOLM E. BARNEY
MAYOR

INAUGURAL ADDRESS

OF THE

HON. MALCOLM E. BARNEY

Members of the Council and Visiting Officials:

I believe it is fitting and proper at this time that we all rise for a moment and pay silent tribute to the Laconia men and women of the armed services who have given their all and also to our citizens who have been called to the great beyond.

It is indeed a great honor to be elected Mayor of our beautiful city. The fact that I was nominated by both Republicans and Democrats is very gratifying and I shall do my best to prove that your confidence was not misplaced.

When I think of the men who have held this office since 1893, I feel humble indeed and realize that only by hard work, careful deliberation, and good council will this administration be able to take its place among the effective administrations of the preceding years.

CITY FINANCES

Our city's finances are in a very sound condition and the serial debt at this time is less than one per cent of the total valuation. This new administration starts the fiscal year of 1945 with nearly as large a balance as the outgoing administration had starting the year of 1944.

Improvements

On March 23, 1937, Edward J. Gallagher, in his inaugural address, spoke of Lake Winnisquam pollution. At that time it seemed probable that the National Water Resources Board might at his request include this Pollution Project in their program.

That was eight years ago, however, and Laconia has grown steadily. The pollution has increased correspondingly and I believe this is one of our immediate problems. Public rest rooms are another necessity which will have to be considered in the near future.

A new fire station, new lockup, public auditorium and several other needed improvements will probably have to await the advent of a new City Hall. The parking situation in Laconia is acute and will become more so every year. This problem requires a careful study and I shall appoint a committee within the next few weeks for this purpose.

Nearly everyone wants improvements but we must all realize that improvements mean either a higher tax rate, a bond issue or both.

Departments

During my four years in the council I felt the various City Departments were all endeavoring to give the city of Laconia their best efforts..

I think the Street Department is to be congratulated for their fine work this winter under trying conditions. There is no doubt the purchase of the snow loader was a great step forward in this department's equipment and I believe that to keep up with the advance of the times it is necessary to buy more new equipment for this department and this I recommend. Other changes will be made in equipment and personnel in the several city departments.

Schools

Our schools rank very well compared with the other cities of New Hampshire. We have two men comparatively new to our schools: Headmaster Willis B. Gifford and Superintendent Rhoden B. Eddy. Both of these men should be highly commended for their work.

You will probably see some expansions and improvements in our schools in the near future.

The locker shower situation which was brought to the attention of the Mayor and Council a year ago should be remedied at once if for sanitary reasons alone, and I recommend this work be started immediately.

Parks

We have in Laconia three Park-Playground combinations which are being developed progressively each year. These three are: Opechee Park, Leavitt Park and Wyatt Park.

I believe Pearl Street grounds also have great possibilities and recommend their development.

The Weirs plays a very important part in our summer business and its development should be carefully studied and improvements made.

Aiport

We have a fine two-strip airport ready to use and have at present two schools for student fliers located there. Namely, the Bugbee Flying Service and Skyhaven, Inc., both of whom are doing a fine job and are very progressive in the interests of aviation.

This airport has cost the City of Laconia less than \$9,000; but the cost of building was approximately half a million, financed almost entirely by Federal funds.

The Airport policies and finances are handled by an Airport Authority composed of five men, all of whom are vitally interested in the future of aviation and who fully believe that the future of our whole region depends on the development of successful airlines to or through Laconia using our airport.

War

The war with Germany is apparently nearly over and I hope when the day arrives the observance of the Victory will be tempered with the thoughts of the many men and women who have paid the supreme sacrifice for our security.

I hope all churches will be open and services will be held during the entire day.

Victory Gardens

Victory Gardens have played a very important part in feeding the home front and will be more necessary this year than in the past. This work will be supervised by the best gardeners we can get and the new administration have agreed to give every possible assistance to this project.

In conclusion, I wish to congratulate retiring Mayor Smith and the members of his council for a fine job well done and to thank them in behalf of the incoming council and myself for the many courtesies shown us in the past few weeks.

I have recently had occasion to call the present council together and I firmly believe every man feels as I do that we must give the City of Laconia the best administration possible regardless of the time it takes.

CITY GOVERNMENT

LACONIA, N. H.

Inaugurated fourth Tuesday of March, biennially. Stated meetings: The last Monday of each month at 7:30 o'clock P. M., at City Council Room, 68 Pleasant Street.

CITY COUNCIL

MAYOR

MALCOLM E. BARNEY

Elected March 13, 1945 for two years. Office: 68 Pleasant Street.

COUNCIL

RESOLUTIONS

In the Year of our Lord one thousand nine hundred and forty-five

A Resolution authorizing temporary loans to an amount not exceeding Two Hundred Fifty Thousand Dollars in anticipation of the taxes of the present Municipal year.

Resolved by the City Council of the City of Laconia, as follows:

That for the purpose of meeting current expenses of the City, the City Treasurer be and hereby is authorized and empowered to make temporary loans from time to time for the use of said City of sums not exceeding the aggregate amount of \$250,000.00, said loans being in the anticipation of the taxes of the present municipal year and hereby expressly made payable therefrom, and to give for such loans subject to the written approval of the Committee on Finance, notes of the City, each note to become due and payable within one year from its date. Said notes shall be signed by the Mayor and City Treasurer and countersigned by the City Clerk, shall be registered in the books kept for that purpose in the offices of the City Treasurer and City Clerk respectively.

This resolution shall take effect upon its passage.

Passed and approved March 27, 1945.

MALCOLM E. BARNEY, Mayor.

In the Year of our Lord one thousand nine hundred and forty-five

A Resolution on the Death of the President of the United States.

Resolved by the City Council of the City of Laconia, as follows:

WHEREAS the Mayor and City Council of the City of Laconia, New Hampshire have learned with sincere regret of the passing of our beloved President, Franklin Delano Roosevelt; and

WHEREAS we are desirous of expressing in our humble way our deep appreciation of the many services he rendered to us and to the nation; and

WHEREAS we wish at the same time to pay the highest tribute in our power to a man who, by his whole life, exemplified the precepts of freedom and democracy, and because of his beliefs gave of his strength and life blood in support thereof:

BE IT RESOLVED, that we extend to his bereaved family our deepest sympathy in this, their hour of loss; and express our grateful appreciation for the part of his life which we were able to share; and

BE IT FURTHER RESOLVED, that this resolution be engrossed upon the permanent records of the City of Laconia as a lasting tribute to a great President and a great Man; and that a copy of this resolution be sent to the family of our late President.

Passed and approved this 12th day of April, 1945.

MALCOLM E. BARNEY, Mayor.

In the Year of our Lord one thousand nine hundred and forty-five

A Resolution relative to development of air travel facilities.

Resolved by the City Council of the City of Laconia, as follows:

WHEREAS the prosperity and welfare of the City of Laconia, and the Lakes Region of New Hampshire is dependent to a great degree on its large and ever growing summer population, made up of summer residents from all over the United States; and

WHEREAS the affairs of many of these residents, and of the citizens of this area, demand that speedy transportation be available to us and them between New Hampshire and distant sections of the country; and

WHEREAS the people of this area were among the pioneers of aviation and air travel in that in the early nineteen twenties the custom in this locality was to charter private planes to and

from the larger cities, and that it was here that was instituted the first rural free delivery of mail by air where Robert Fogg successfully delivered mail to the islands of Lake Winnepesaukee; and

WHEREAS air service for the City of Laconia and the Lakes Region is now entirely inadequate for the needs, and any plan or prospectus for future development of air travel seems to ignore this, one of the fastest growing cities, and most rapidly developing recreation centers anywhere; and

WHEREAS the City of Laconia has a modern and up-to-date airport, constructed at great expense, and is conveniently located with reference to other similar airports in New Hampshire and has excellent facilities for seaplanes as well; and

WHEREAS we realize that if we are to prosper and grow in the future as we have in the past, air transportation is an absolute "must"; and

WHEREAS requests for suitable air transportation service are constantly being made; be it

RESOLVED that the Mayor and Council of the City of Laconia adopt a program for the development of our air travel facilities; and that they take all necessary steps to further the interests of air travel, and the securing of a regular transport service for this region, and be it further resolved that the Civil Aeronautics Board be requested to authorize adequate air service to Laconia as proposed by one or more of the applicants in the "New England Case" (Docket 399 et al) held in Boston, Massachusetts on December 4-18, 1944; and be it further

Resolved that this resolution be engrossed on the permanent records of the City of Laconia, and that copies of this Resolution be sent to the Civil Aeronautics Board, the Governor of New Hampshire, the New Hampshire Aeronautics Commission, the Laconia Airport Authority, Hon. Styles Bridges and Hon. Charles W. Tobey, United States Senators, and Hon. Chester Merrow and Hon. Sherman Adams, Members of Congress.

Passed and approved this 16th day of April, 1945.

MALCOLM E. BARNEY, Mayor.

In the Year of our Lord one thousand nine hundred and forty-five

A Resolution making appropriations for the year ending February 15, 1946.

Resolved by the City Council of the City of Laconia, as follows:

Passed and approved July 30, 1945.

MALCOLM E. BARNEY, Mayor.

In the Year of our Lord one thousand nine hundred and forty-five

A Resolution raising money by taxation for the year ending February 15, 1945.

Resolved by the City Council of the City of Laconia, as follows:

That there shall be raised and there is ordered to be raised on the polls and estate liable to be taxed within said City the sum of five hundred seventy-six thousand five hundred fifty and fifty one hundredths (\$576,550.50) dollars to defray the necessary expenses and charges of the City for the financial year ending February 15, 1946.

Passed and approved July 30, 1945.

MALCOLM E. BARNEY, Mayor.

In the Year of our Lord one thousand nine hundred and forty-five

Resolutions on the death of Oscar L. Young.

Resolved by the City Council of the City of Laconia, as follows:

WHEREAS the Mayor and City Council have learned with sorrow of the death of Oscar L. Young; and

WHEREAS in his passing the City of Laconia has lost one of its most distinguished and best loved citizens; and

WHEREAS the City Government desires to express the respect, affection and regard in which all the people of Laconia hold the memory of Judge Young, therefore, be it

RESOLVED, that the Mayor and Council in special session convened extend their sincerest sympathy to Mrs. Young in her hour of sorrow; and be it further

RESOLVED, that these resolutions be entered in the permanent records of the City, and that the City Clerk transmit a copy of the resolutions to Mrs. Young.

Passed and Approved August 13, 1945.

MALCOLM E. BARNEY, Mayor.

In the Year of our Lord one thousand nine hundred and forty-five

A Resolution on the sale of the shoe shop property.

Resolved by the City Council of the City of Laconia, as follows:

1. That the Mayor be and he hereby is authorized and empowered to negotiate the sale of the so-called shoe shop property on Water Street, including the land and building, to the Laconia Shoe Company, for the highest bid offered; and further

2. That the Mayor be and he hereby is authorized and empowered to execute and sign any and all papers or deeds necessary to complete the sale.

Passed and approved August 27, 1945.

MALCOLM E. BARNEY, Mayor.

In the Year of our Lord one thousand nine hundred and forty-five

A Resolution relating to land on Davis Pl.

Resolved by the City Council of the City of Laconia, as follows:

1. That the Mayor be and he hereby is authorized and empowered to negotiate with Mr. Wilfred M. Bisson for the sale of a strip of land owned by the City on Davis Pl., adjoining other land owned by said Bisson;

2. That the Mayor be and he hereby is authorized and empowered to execute any and all instruments necessary to carry the negotiations through to final sale.

Passed and approved August 27, 1945.

MALCOLM E. BARNEY, Mayor.

ORDINANCES

In the Year of our Lord one thousand nine hundred and forty-five

An Ordinance relative to Parking of Vehicles on Grove Street.

Be it ordained by the City Council of the City of Laconia, as follows:

Amend chapter 42 of the compiled ordinances by inserting after Section 9 of said chapter a new paragraph, "1", so that said section as amended will contain the following:

(1) Grove Street within a distance of one hundred feet (100') from Union Avenue, except for the purpose of loading or unloading.

This ordinance shall take effect upon its passage.

Passed and approved, July 30, 1945.

MALCOLM E. BARNEY, Mayor.

In the Year of our Lord one thousand nine hundred and forty-five.

An Ordinance governing Slaughtering Inspection, and Sale of Meats and Meat Products.

Be it ordained by the City Council of the City of Laconia, as follows:

SLAUGHTER HOUSES

Every slaughter-house hereafter constructed or maintained within the limits of the city of Laconia, New Hampshire, must comply with the following regulations, unless otherwise specified and ordered by the Board of Health:

1. The location and plans must be approved in writing by the Board of Health before construction or alteration begins.

2. The floors must be of brick, cement, or some other impervious material properly sloped to a well-trapped, permanently grated inlet having a direct connection with a sewer or cesspool.
3. The walls must be covered to a height of not less than 7 feet with some impervious material.
4. An adequate water supply, both hot and cold, must be provided and pipes or hoses so arranged as to permit thorough washing of walls and floors.
5. Suitable sinks with running hot and cold water must be provided.
6. Properly ventilated cooling and storage rooms must be provided. These rooms must be kept clean and must not contain any impure or unwholesome substance.
7. All refuse and waste material must be deposited, immediately after slaughtering, in tightly covered, moveable, metal or hardwood receptacles. This material must be removed from the premises daily and burned or otherwise destroyed as may be directed by the Board of Health.
8. All hides, bones and fat must be removed daily.
9. All rooms must be properly ventilated, lighted, and from May 1 to October 15 so screened as to prevent the entrance of flies or other insects.
10. The tables and other equipment must be of smooth, hard material and kept in a clean and sanitary condition.
11. The slaughter-house and surroundings must be kept in a clean and sanitary condition and practical precautions must be taken to keep the premises free from rats and mice.
12. All apparatus, containers, implements, and utensils must be thoroughly cleaned with boiling water or sterilized with live steam or some sterilizing agent approved by the Board of Health, after each day's use.
13. A water-closet which must be kept clean, sanitary, and in good repair, and washroom furnished with soap, running hot and cold water and individual towels must be furnished.

14. A notice shall be conspicuously posted in the water-closet and washroom directing employees to thoroughly wash their hands before leaving and immediately before commencing work.
15. Meat must be placed on racks, hooks, tables, or in suitable containers—never on the floor.
16. No person who is affected with a disease declared by the State Board of Health to be dangerous to the public health shall engage in slaughtering or handling of meats nor shall such person be permitted to loiter about the premises where such business is conducted.
17. The proprietor or lessee of each slaughter-house shall inform the inspector of the day when animals are to be killed. The inspector shall designate the hour.
18. Every person, firm, corporation, or company conducting a slaughter-house within the City of Laconia must obtain from the Board of Health on or before June first of each year, a license which shall not be transferable and which may be revoked for violation of any part of these regulations.

INSPECTION OF ANIMALS AND MEAT

1. The slaughtering and dressing of cattle, swine, or sheep except for private use shall not be allowed within the limits of the city, except in authorized slaughter-houses.
2. No cattle, swine, or sheep shall be killed for human food while in a diseased or exhausted condition.
3. No calf less than 4 weeks old or less than 40 lbs. dressed weight, no pig less than 5 weeks old, and no lamb less than 8 weeks old, shall be killed for human food nor any part thereof be offered for sale within the city.
4. No beef, pork, veal, mutton, or lamb shall be sold or offered for sale for food purposes unless the animal from which the meat was taken was examined both before and after slaughter by a meat inspector appointed by and in the employ of the United States Government, a state department, or a municipal department and passed as fit for food.

and stamped with a proper identification mark or marks, according to the system adopted by the United States Bureau of Animal Industry.

This shall be construed to apply to meats, meat products, and animal casings used in the manufacture and preparation of sausage meat, meat sausages, and chopped meats.

Carcasses shall be stamped as follows:

Each side of beef nine times; eight times on the outside, and once on the inside; once on outside of neck, once on shoulder, once on shank, once on brisket, once on loin, once on flank, once on round, once on cod; on the inside, once on fat over kidney. Each side of veal twice: once on outside of each quarter.

Each carcass of swine seven times: once on head between ears, once on outside of each quarter, once on each loin.

Each carcass of sheep or lamb twice: once on loin, once on croup.

5. Any carcass, parts of carcass, meats, or organs found to be unsound, unhealthful, unwholesome, or otherwise unfit for human food shall be condemned and shall be tanked, incinerated, or denatured under the direct supervision of the inspector.

POULTRY

1. The business of slaughtering chickens, geese, ducks, turkeys, pigeons, or other fowl shall not be conducted nor shall any place therefor be established without a license issued by the Board of Health. This license must be renewed on or before June first of each year, and may be revoked for any violation of these regulations.
2. All rooms where the business of slaughtering fowls is conducted, unless otherwise specified and ordered by the Board of Health, must conform to the following specifications:
 - (1) must be kept in a clean and sanitary condition;
 - (2) floors and sidewalls to a height of 7 feet must be of smooth, hard, impervious material;
 - (3) ventilation must be adequate;
 - (4) lighting must be adequate;
 - (5) crates and cages in which fowls are stored must be emptied and cleaned every 48 hours;

- (6) killing trough must be of impervious material and must discharge over a properly typed sewer connection;
 - (7) poultry shall not be allowed at large upon the premises;
 - (8) adequate toilet facilities, properly located, must be provided.
3. All refuse and waste material must be deposited immediately in tightly covered, moveable, metal or hardwood receptacles—this material must be removed from the premises at the close of each day's work.
 4. No live chickens, geese, ducks, turkeys, pigeons or other fowl shall be brought into, kept, stored, offered for sale, or sold in any store, cellar or building without a permit granted by the Board of Health to the owner, lessee, or tenant thereof. The permit, for which the fee shall be One Dollar, shall expire the thirty-first day of May next following and may be renewed annually in the month of May upon application and the payment of a like fee.

SAUSAGE

1. The business of manufacturing or preparing sausages or smoking or preserving meat or fish shall not be conducted, nor shall any place therefor be hereafter established within the city of Laconia without first obtaining a permit or a license therefor from the Board of Health. All permits may at any time be revoked upon proof of the violation of any of the regulations of this ordinance.
All licenses issued shall terminate on the 31st day of May of each year and may at any time be suspended or revoked by the Board of Health for violation of any laws of this state, any rules or regulations of the State Board of Health, or of any section whatsoever of this ordinance.
2. The floors, walls and ceilings of buildings or rooms hereafter erected or altered for the conduct of such business must be of some smooth, hard substance that will permit rapid and thorough cleaning. The floors must be graded to drains over properly trapped sewer connections.
3. A sufficient number of waterclosets, which must be kept clean, sanitary, and in good repair, and a washroom, with

running hot and cold water, soap, and individual towels must be provided; water-closet doors must be provided with a self-closing device.

4. Suitable sinks, with the running hot and cold water must be provided.
5. All doors, windows and other openings must be properly screened from May 1 to October 15. Screen doors must be equipped with self-closing devices.
6. All apparatus, containers, implements and utensils must be thoroughly cleaned with hot water and soap and rinsed after each day's use and must be kept covered when not in use.
7. Tables and stands must be of smooth, hard material and kept in a clean and sanitary condition.
8. Meats, meat products, animal casings, and other materials used in the preparation and manufacture of sausage meat, meat sausages, and chopped meats must conform to the provisions of these regulations and to the standards of purity established by the pure food laws of the State of New Hampshire.
9. The only animal casings that may be used as containers of any meat or meat products are those from cattle, sheep, swine or goats. Casings must be carefully washed and thoroughly flushed with clean water. Casings which show any diseased condition or infestation with parasites shall be rejected.
10. No meat or meat products shall contain any substance which impairs its wholesomeness, nor contain, except as permitted by sections 11 and 12, any dye, preservative, or added chemical.
11. There may be added to meat and meat products common salt, sugar, wood smoke, cider vinegar, spirit vinegar, pure spices, salt peter.
12. Dyes may be used for coloring sausage casings or other casings by dipping or application, provided the character of the casing is such that the dye does not penetrate into the meat food product contained in the casing.

13. When coloring matter is used in the preparation of casings, as provided in section 12, the product shall be marked with the phrase "artificially colored."
14. When cereal not in excess of 2% is added to sausages, the product shall be marked with the phrase "cereal added."
15. Sausages shall not contain cereal in excess of 2%.
16. Water or ice shall not be added to sausage except for the purpose of facilitating the grinding, chopping or mixing, in which case the added water or ice shall not exceed 3%, except that sausage of the class which are smoked, or cooked, such as Frankfurt style, Vienna style, and Bologna style, may contain added water in excess of 3%, but not in excess of an amount necessary to make the product palatable.
17. When water in excess of 3% and cereal are added to certain kinds of sausage, as provided in paragraphs 15 and 16, the product shall be marked "sausage, water, and cereal". When water, but no cereal, is added to certain kinds of sausage, as provided in paragraph 16, the addition of water need not be stated.
18. Such terms as "country", "farm", and the like, shall not be used on labels in connection with meat and products unless such meat and products are actually prepared in the country or on the farm. However, if the articles are prepared in the same way as in the country or on the farm, these terms, if qualified by the word "style", in the same size and style of lettering may be used. Sausage containing cereal shall not be labeled "country style".
19. A meat food product when composed of more than one ingredient shall not bear a label with a name stating or indicating that the product is a substance which is not the principal ingredient contained therein, even though such name be an established trade name. The term "principal ingredient" as used in this section, shall be construed to mean that such ingredient is equal to or exceeds in amount the other ingredients combined, exclusive of cereal and water. If the ingredients are stated on the label, they shall appear in the order of their percentages. For example, sausage containing beef and pork shall not be labeled "pork

sausage", but shall be labeled "pork and beef sausage". However, if the pork ingredient equals or exceeds 50% of the meat content, the sausage may be labeled "pork sausage, beef added". A product consisting of veal, pork, and beef, shall not be labeled "veal loaf", but may be designated as "veal, pork, and beef loaf". However, if the veal ingredient is not less than 50% of the meat content of the product, the product may be labeled "veal loaf, pork and beef added", the words "pork" and "beef" to appear in the order of their percentages, as above indicated.

20. No article of a kind prepared customarily to be eaten without cooking shall contain any muscle tissue of pork unless the pork has been subjected to a temperature sufficient to destroy all trichinae.
21. Meat food products in animal casings, other than sausage, shall be branded with the name of the product, the statement "composed of", and the names of the ingredients arranged in the order of their percentages.
22. No person, firm, or corporation shall manufacture, sell, offer or expose for sale, sausages or any meat product containing any organ in whole or in part of the thoracic or abdominal cavities or any part thereof, except hearts, tripe or liver. This shall not be construed to prohibit the use of those parts ordinarily used as casings.

HORSE MEAT

1. The Regulations governing slaughtering inspection, and sale of meats and meat products shall apply to horse meat and horse meat products and wherever in this ordinance the words "cattle, swine, sheep, or meat products" may appear, the requirements pertaining thereto shall be deemed to apply equally to "horse carcasses, parts of carcasses, meat, or food products containing horse meat."
2. Every establishment in which horses are slaughtered for food purposes or food products containing horse meat are prepared for human consumption shall conform in all respects to standards fixed in "Regulation 29 of Regulations Governing the Meat Inspection of the United States Department of Agriculture".

3. All horse carcasses, parts of carcasses, meat or food products containing horse meat sold or offered for sale within the city of Laconia, shall be conspicuously labeled, marked, branded, or tagged: "Horse Meat" or "Horse Meat Products".
4. Horse carcasses, parts of carcasses, meat or food products containing horse meat shall not be stored nor displayed in or on refrigerators, refrigerator display cases, or any other types of display cases, or fixtures that are used for any other purpose.

GENERAL REGULATIONS

1. Stores and shops in which meats are stored or offered for sale shall be kept in a clean and sanitary condition.
2. All refuse and waste material must be deposited in water-tight metal or hardwood containers, which must be kept clean and sanitary.
3. Sawdust which has been used for the absorption of blood and other liquids, and all refuse, must be removed daily.
4. In retail markets, vats or containers used for the preparation or storage of corned meats must be constructed of a smooth, hard material, and must be thoroughly cleaned both inside and outside and all solutions renewed as often as may be necessary to keep both the container and the solution in a clean and sanitary condition.
5. Apparatus, containers, blocks, tables, utensils, and other equipment must be kept at all times in a clean and sanitary condition.
6. No meat or meat products shall be displayed except in a sanitary manner and so arranged that the meat or meat products are protected from contamination.
7. Promiscuous handling of meats or meat products by prospective customers is hereby expressly forbidden.
8. Refrigerators or ice boxes must be kept clean and sanitary, and the compartments for the keeping or storage of meats

or meat products must be used for no other purpose, fresh fruits and green vegetables excepted.

9. All employees or other persons engaged in the slaughtering or handling of meats or meat products must be attired in a cleanly manner and while so engaged wear a clean apron, preferably of rubber.
10. All employees or other persons engaged in the slaughtering or handling of meats or meat products must be free of diseases declared by the State Board of Health to be dangerous to the public health.
11. Smoking or chewing of tobacco in any form or spitting on the floor must not be allowed in any room or rooms used wholly or in part in the preparation and manufacture of meats or meat products, and signs calling attention to this regulation must be posted.
12. Any beef, veal, fish, fowls, pork, or other meats or meat products or materials used for human food, found upon inspection to be adulterated, tainted, unwholesome, or for any reason unfit for human food shall be condemned, seized, or destroyed as provided by law.
13. Slaughter-houses, sausage factories, markets, stores, shops or other places where meat or meat products are slaughtered, prepared, sold, or offered for sale, shall be inspected at regular intervals or whenever it may be deemed necessary by the Board of Health or its authorized agent.
14. The Board of Health is hereby directed to provide necessary inspection service for the proper enforcement of these regulations. The inspector of animals and carcasses at the slaughter-houses shall be present during the slaughtering, and shall receive for his services the following fees:
He shall receive a minimum fee of \$3 for each day, or part thereof,
For inspecting beef animals he shall receive \$1 each for the first 5, and \$0.50 each thereafter.
For inspecting hog animals he shall receive .50 each for the first 10, and .25 each thereafter.

For inspecting calf animals he shall receive .50 each for the first 10, and .25 each thereafter.

For inspecting each lamb animal he shall receive .50 each for the first 10, and .25 each thereafter.

In addition he shall receive .05 per mile for his travel to and from the place of slaughter.

These fees shall be paid to the inspector by the corporation, company, or individual who leases or owns the slaughterhouse. The inspector of animals and carcasses shall make a monthly report to the Board of Health, stating the number of each kind of animal and carcasses inspected, and the amount of fees received for the same.

15. These regulations or any part thereof shall not be construed to prevent the slaughtering of animals or fowls, or the preparation of meat products for personal use; nor, in case of poultry farms, to such slaughtering as may be there done of poultry raised thereon and not purchased or brought in for slaughter.
16. Any person, firm, company or corporation violating any of the provisions of these regulations, or whoever hinders or obstructs any inspector in the pursuit of his lawful duties, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine not exceeding Ten (\$10.00) Dollars.
17. This Ordinance shall take effect upon its passage, and all ordinances or parts of ordinances inconsistent therewith are hereby repealed.

Passed by the Board of Health July 30, 1945.

JOHN R. PERLEY, M.D., Sec.,
Board of Health.

Passed and approved, July 30, 1945.

MALCOLM E. BARNEY, Mayor.

A true copy, Attest: EARL FLANDERS, City Clerk.

BOARD OF HEALTH

September 24, 1946

To the Honorable Mayor and City Council
Laconia, New Hampshire

Gentlemen:

The report of the Board of Health up to February 15, 1946 is herewith submitted.

There were no serious outbreaks of any diseases during the past year, although, of course, there was the usual number of cases of grippe and influenza.

It is strongly urged that all babies be immunized against diphtheria and whooping cough at the age of six months. They can be vaccinated against smallpox at about that same time, or that can be done later.

A full time inspector for milk, meat, eating places, etc., should be employed. The salary of the City Nurse should be at least a living one.

Respectfully submitted,

J. R. PERLEY, M. D.,
Secretary.

PUBLIC HEALTH NURSE FOR THE YEAR 1945

February 16, 1946

Number of visits made during the year	1990
Medical	1475
Surgical	180
Pre-school children	55
Cripple children	42
Prenatal	60
Post natae	16
Infant care	115
Home visits (instructive)	47
Total received	\$192.75

Respectfully submitted,

JULIA PERIARD, R. N.

MILK INSPECTOR

February 1, 1946

I was appointed milk inspector on the first of May, 1945.

Pasteurization plants and farms were inspected and stores were checked for refrigeration and for source of supply.

Most of the milk sold in Laconia is pasteurized. The majority of the unsatisfactory samples were those of raw milk.

General Milk Statistics

Total samples tested		401
Milk	377	
Cream	17	
Skimmed milk	7	
Total samples unsatisfactory	23	

Inspection Details

Farms producing milk for the Laconia area	57	
Farms producing for but not retailing in Laconia	29	
Farms producing for and retailing in Laconia and licensed	28	\$70.00
Dealers, dairies inspected and licensed	5	25.00
Stores, etc., retailing—milk, inspected and licensed	71	142.00
Total		\$237.00

Respectfully submitted,

C. W. SHARPS, D.V.M.
Milk Inspector.

FIRE DEPARTMENT

February 15, 1946.

To the Honorable Mayor and City Council
Laconia, N. H.

During the year 1945, the Laconia Fire Department responded to twenty-five box alarms and two hundred and fifty still alarms—or telephone calls. The total insurance paid out for buildings and household goods was \$27,753.45.

The department has not purchased any fire hose or apparatus for six years. Repairs to old apparatus is expensive, but new apparatus could not be purchased during the war period.

We have several petitions for fire alarm boxes, but these cannot be purchased at the present time. Also several petitions for fire hydrants on different streets.

The Weirs Water Works at The Weirs should have a larger reservoir, as the hydrant system in the area is practically no good for fire protection. Therefore the Board of Underwriters will not consider a lower rate of insurance until the hydrant pressure is increased to eighty-five pounds gravity pressure.

As your Fire Chief, I wish to recommend that several buildings on our Main street be repaired or replaced with good construction as they are fire traps. Several are not occupied above the store front. In the rear of these buildings, on Main street, second story windows are broken. In case of a nearby fire, sparks could easily enter through these broken windows.

The same fire hazard exists at the Lakeport end of the city. Let us hope that these conditions will be taken care of in 1947. Larger mains for water should be installed in the Highland Street area, around the Hospital buildings, also on Spring street.

Respectfully submitted,

ARTHUR W. SPRING,
Chief of Fire Department.

TRUST FUNDS

REPORT OF TRUSTEES

To the Honorable Mayor and City Council, Laconia, N. H.:

On account of the low interest rate, again we advise that a minimum of \$200.00 be left as a trust fund.

Work to be done is carefully considered and funds are conserved as much as possible. Only the very necessary work is done.

The trustees welcome any suggestions or criticisms.

KENNETH D. HOPKINS.

LIBRARY TRUSTEES

To the Honorable Mayor and Members of the City Council:

I am submitting herewith the annual report of Mrs. Barbara Cotton, Librarian of the Laconia Public Library, for the year ending February 15, 1946.

During the past year the Trustees were in receipt of \$3842.68 from the Helen Busiel Estate, \$3000.00 of which was invested in Government Bonds and the balance deposited in a local savings bank. It is interesting to know that Miss Busiel's father, the late John T. Busiel, was one of the original trustees of the Gale Memorial Library.

In March, 1945, Mrs. Robinson W. Smith assumed the duties of Treasurer heretofore held by Mr. Charles F. Ayers.

The Trustees feel that the library and park have been operated and maintained in an efficient manner and that the public in general should be proud of this institution.

Especially commendable is that the Trustees have discharged their obligations in a faithful manner. Seldom is there an absentee at a regular monthly meeting.

The Trustees and staff appreciate the wholehearted co-operation of the Mayor and Council and hope that our efforts will warrant your continued confidence in us.

Respectfully submitted,

HENRY T. TURNER,
Chairman, Board of Trustees.

LIBRARIAN

To the Board of Trustees of the Laconia Public Library:

I herewith submit my report as librarian of the Laconia Public Library for the year ending February 15, 1946.

During the past year I feel the library has progressed in every department. We have endeavored to enlarge the book collection and keep it up to date with new material on various

subjects. At all times we have carefully considered our needs, and have spent wisely, keeping in mind the varied interests of our rapidly growing city.

Many favorable comments have been received concerning the selection and timeliness of the books, the friendliness and courtesy of the staff, and the neat, pleasing appearance of the library building and its surrounding Park.

The library is maintained for the benefit of everyone in the community, and it is the aim of those connected with the library to give all the possible help to the greatest number of people. We appreciate the many written compliments which have been received from both Laconia residents and summer visitors, and regard them as rewards for our efforts to render good service. During the past year this service has been given at a per capita cost of \$1.03, which, according to American Library Association standards is not quite adequate for a library located in a city the size of Laconia.

The American Library Association standards are as follows:

"The amount needed annually, in relation to the population, is—

\$1.00 per capita for limited or minimum service

\$1.50 per capita for reasonably good service

\$2.00 per capita for superior service."

Laconia was honored to have the New Hampshire Library Association meet here October 25 and 26 for the 56th annual convention. Mayor Malcolm E. Barney extended a cordial welcome to our guests at the opening meeting. The January 1946 "News Letter of The New Hampshire Library Association" contained the following statement:

"Before we had to leave in the rain there was time to attend the delightful tea which the Trustees and Staff of the Laconia Library held in the Tavern for us. The whole conference was characterized by this friendliness and cordiality, and was one of the pleasantest meetings of N.H.L.A. we have ever attended."

At the main library, one of the basement rooms has been attractively equipped and furnished for the convenience of the staff. Furniture has been purchased for the children's room at the Goss Reading Room with money from the Ella J. Morrison bequest.

During the months of July and August a story hour was held once a week at both libraries. An experienced "Story Lady" entertained the large groups of children with favorite tales, both old and new. These story groups proved to be so popular that we plan to continue them next summer.

As the librarian, I have endeavored to carry out the rules of administration which you, as Trustees, have established or approved. I sincerely appreciate the confidence and cooperation which you have extended at all times. Each one of you is an active member fully aware of the responsibility with which you are entrusted, ready to assist whenever necessary with the library problems, and anxious to improve our policies and our service to meet the needs of a changing world.

Respectfully submitted,

BARBARA COTTON, Librarian.

BOARD OF PUBLIC WORKS

To the Honorable Mayor and City Council:

We are privileged to submit the forty-fifth annual report of the Board of Public Works, including a detailed financial statement, covering the operations of the City Engineering, Street and Sewer Departments during the past fiscal year.

Appended hereto is a copy of the City Engineer's report to us, which contains a detailed description and account of work accomplished, together with his suggestions relative to proposed work and the needs of the Department for the year ensuing.

The handicap of decreased manpower and reduced facilities, along many lines, has continued to abide with us during the year, but in spite of these conditions, the general maintenance work has been carried on in a satisfactory manner with but few complaints from our citizens.

The Board is again pleased to acknowledge efficient service from the City Engineer and his assistants, and from the foremen and men in the employ of the Department, throughout the year.

The work of resurfacing or retreatment of macadam and concrete surfaces on certain streets was very successfully carried out, extending as far as available funds would permit, and a substantial mileage of gravel roads was treated with bituminous material and sand, and we recommend a continuation of this class of work, as necessary to preserve the road surfaces against the destructive effects of all year traffic.

Class Five Road funds were expended on the Lane Road, Roller Coaster, White Oaks and Pickerel Pond Roads with good results. This year under the terms of the Class Five Highway Law, there is available from the State the sum of \$4040.11 if the City appropriates the sum of \$1010.03, the above representing a proportion of four dollars by the State to one dollar by the City.

Under these favorable terms we recommend affirmative action by the City in order to continue the improvement and maintenance of our so called outlying roads within the City limits.

The wisdom of the City Government in providing funds for the purchase of the SnoGo unit for use in snow removal has been further demonstrated during the present winter, for in spite of the sever snow storms the City of Laconia thus far maintains its position well up in front, among the cities of New England, with respect to winter maintenance of its principal streets.

The Board has approved the City Engineer's recommendations in the matter of needed equipment and invites your consideration and study of the same.

We close this report with the urgent recommendation that an adequate appropriation be made for routine maintenance and the customary all year services rendered by this Department.

The following is the schedule proposed for the ensuing year:

General Repairs and Maintenance	\$28,650.00
Winter Expenses	31,800.00
Sanding Sidewalks	2,400.00
Collection of Ashes, Waste & Dump Rentals	8,200.00
Sewer Maintenance	6,400.00
City Engineering	3,600.00
Cleaning Streets	8,200.00
Cleaning Catch Basins	2,025.00
City's Share T.R.A.	1,010.03
Tarring Streets	13,750.00
Drain Repairs	1,625.00
Maintenance of Macadam	8,600.00
Insurance	800.00
Cutting Trees, Grass, Brush	2,450.00
Bridge Repairs	4,500.00
Purchase of Equipment	18,300.00
Recovering Sidewalks	3,500.00
	<hr/>
	\$145,810.03

Respectfully submitted,

HARRY L. SMITH,

OSCAR L. HOYT,

WILLIS G. WATSON,

Board of Public Works

REPORT OF THE STREET, SEWER AND ENGINEERING DEPARTMENT

To the Board of Public Works:

Gentlemen:

I am pleased to present the report of the Public Works Department for the fiscal year ending February 15, 1946.

FINANCIAL STATEMENT

Department	Balances & Receipts & Appropriations	Transfers	Total Credits	Total Expended	Unexpended Balances
General Repairs and Maintenance	\$22,000.00	\$3,510.66	\$25,510.66	\$25,291.00	\$219.66

* Indicates an overdraft

Sewers

An extension of 40 feet of 6 inch V.C. pipe was laid on Cedar Street, it being the only addition made to the sanitary sewer system in 1945. Several petitions have been presented for drain and sewer additions and extensions which should receive attention this year. A beginning should be made in rebuilding and enlarging some of the existing surface water drains which have become taxed beyond their load carrying capacity.

Plumbing

An examination for plumbers was held twice during the year, but no new licenses were issued. Sixteen Master and twenty-eight Journeymen Licenses were issued to plumbers,

holding them the previous year. This department issued permits and inspected sixty plumbing jobs.

Sidewalks

Asphalt walks were built on Kentfield Court, Grove and Sanborn Streets and 3,193 square yards of old asphalt walks were renewed.

Street Resurfacing

A total of 63,000 gallons of R.C. No. 2 Asphalt furnished by the Socony-Vacuum Oil Co. was applied to city streets and roads. The gravel streets were surface treated with 1/5 gallon of asphalt per square yard and using sand for a cover.

The macadam streets surfaced were Elm, Pleasant, South Main and Messer on which were applied .40 of a gallon of asphalt and covered with 45 lbs. of pea stone to the square yard. The resulting mulch was mixed with a power grader and rolled. This treatment provides a surface of good riding quality and low in cost.

The Main Street pavement from Court Street northerly to Hanover Street is worn through to the cement base in a number of sections and should be given a 2-inch resurface of plant mixed asphalt.

Bridges

Although money was made available for repairs to Main Street bridge, the scarcity of labor prevented us from undertaking the work contemplated. It is hoped that repairs to Main Street and Mill Street bridges can be made this year.

General

The amount of \$5,219.58 furnished by the State and the sum of \$1,302.39 appropriated by the City was used in improving Class V roads. The Roller Coaster and White Oaks Roads were surfaced with tar and sand. Stone culverts were replaced with reinforced concrete pipe, banks were cut back and sloped, and curves widened on the Pickerel Pond Road. Culverts were added to the Lane Road, the travelled way was widened, the grade raised and the surface gravelled. The work should be extended to the Meredith Center Road this season

and the surface given an application of tar. To correct an existing traffic hazard, land was acquired on the Parade Road at the intersection of the Lane and Severance Roads. The stone walls were removed and the high banks which projected into the Parade Road were cut back and sloped, making a decided improvement at this location.

Funds derived from the sale of the car shop building which the City of Laconia has recently sold to the Laconia Shoe Company has been set aside for the erection of a garage and workshop for this department. This building, we expect, will be erected this season.

Surveys and plans have been made for street layouts; estimates have been furnished for proposed construction; and street lines and grades established for property owners. At the present time a crew is engaged in making various surveys and plans required by the Engineering Firm of Metcalf & Eddy in their design of a sewage treatment plant for the city.

We have been able to purchase a one and one-half ton Dodge truck on which is mounted a Gar Wood 12 cubic yard Load Packer. This equipment is to replace an open body truck now used in the collection of garbage and refuse. The Load Packer is an enclosed steel body which will confine all odors and prevent papers and other debris from being scattered over the streets and adjoining property. It has a low loading hopper located at the rear of the body which allows for faster, easier and safer handling of waste material by the workers. The garbage is compressed toward the front end of the body by a tail gate operated hydraulically, thus insuring a full capacity load. This equipment should prove to be an economical as well as a sanitary investment.

Although an order was placed in September for a truck equipped with a plow, it has not as yet arrived, nor is there any definite promise of delivery. Therefore, I would recommend that the balance in the Equipment Account be carried over so that this needed equipment may be purchased when it becomes available.

I would suggest that three of the department's one and one-half ton trucks be exchanged. These trucks have reached the age when the cost of keeping them in repairs has become excessive.

If money is provided, a power grader should be purchased. This unit would be valuable and practical and could be used for grading and shaping our gravel roads. This equipment could also be used in surface treatment work and in supplementing the operation of our Sno-Go. With such a grader we could remove the snow and ice down to the pavement on our heavily travelled streets thus preventing ruts and the building up of ice near the curb which cannot be removed with truck plows.

The oil tank which was mounted on the three and one-half ton G.M.C. has been removed and a four cubic yard steel body with hoist should be purchased to be mounted thereon.

A mechanically controlled stone spreader to be used in surface treatment operations, should also be provided the department.

Respectfully submitted,

ARNOLD J. O'MARA,
City Engineer,
Supt. of Streets and Sewers.

POLICE DEPARTMENT

REPORT OF POLICE COMMISSIONERS

To The Honorable Mayor and City Council:

We respectfully submit the report of The Laconia Police Department for the year ending January 31, 1946. We respectfully urge your careful reading of the report which gives a comprehensive report of the services rendered by the department.

During the war years the department was very short of officers but was able to render the usual service because of the co-operation of our men who were always willing to work extra time and often worked their days off. Officer Joseph Tuttle has recently returned from the navy and we added an ex-service man to the force.

During the last year we lost William Agnew who died, after a long illness, as a result of an injury received while on duty. He was a superior officer and a fine man and his death was a great loss both to the department and to the community. A few months ago John Lyman retired because of ill health. He was with the department twenty-five years. We were very sorry to have him retire as he was always an efficient officer.

We would again call your attention to the Detention House or City Lock-Up. This is not a fit place in which to place those persons who have been taken into custody and cannot furnish bail.

We expect the parking situation to grow much worse this year and have instructed our officers to continue to enforce the Parking Regulations in order to make parking space available for people to park their cars while they do their shopping.

We feel that the way large trucks park on Main Street creates a great hazard and would suggest that you give consideration to an ordinance to regulate the parking of these trucks while they are unloading.

CHARLES J. PITMAN,
CLARENCE E. ROWE,
FORTUNAT E. NORRMANDIN,
Police Commissioners.

**ANNUAL REPORT OF THE CHIEF OF POLICE FOR THE
YEAR ENDING JANUARY 31, 1946**

Arrests	
Males	279
Females	14

GEORGE H. HUBBARD,
Chief of Police.

CLERK OF MUNICIPAL COURT

To the Honorable Mayor and City Council:

Gentlemen:

I herewith submit my annual report as Clerk of the Municipal Court of Laconia.

The criminal cases brought before the Court and disposal of same are shown in detail by the report of the Chief of Police.

The cash receipts of the Court and the disposition of same summarize as follows:

RECEIPTS

Received from fines and costs	\$4,977.12
Writs, warrants and entry fees	12.50
Entry fees, Small Claim Court	8.55
Parking violations at \$1 each	250.00
	<hr/>
	\$5,248.17

PAID AS FOLLOWS

Damages recovered	\$90.00
Officers and witness fees	58.98
Postage	1.22
Clarence S. Newell, treasurer	5,097.97
	<hr/>
..	\$5,248.17

Respectfully submitted,

EARL FLANDERS,
Clerk.

OVERSEER OF THE POOR

To the Honorable Mayor and Council of the City of Laconia:
Gentlemen:

It is my privilege and duty to submit herewith my report as Overseer of the Poor for the year ending February 15, 1946.

The amount appropriated for support of poor for year ending February 15, 1946 was \$9,000.00. Received from refunds \$118.04, amount expended during year \$4,700.23. The amount unexpended \$4,417.81 which was transferred to excess and deficiency account by direction of the City Council.

Respectfully submitted,

MILDRED H. BUCKLIN,
Overseer of the Poor.

PARK COMMISSION

To the Honorable Mayor and City Council:

As Secretary of the Laconia Park Commission, I respectfully submit the following report for the year ending December 31, 1945.

The Park Commission is made up of the following members: Mr. Richard Shelley, chairman; Mayor Malcolm E. Barney, Dr. Clarence E. Rowe, Dr. Robinson W. Smith, Mrs. Percy W. Philbrook. Regular meetings have been held throughout the year to plan for playground activities and skating rinks. Special meetings relative to special appropriations by the City Council for Opechee Park Community House, Wyatt Park House and an added appropriation for hockey.

The summer schedule for Parks was June 27 to August 19, with the following personnel: Opechee Park, Miss Jessie Dutilleul, assisted by Miss Virginia Billings and Miss Nan Sullivan; Wyatt Park, Miss Esma Ford; Leavitt Park, Mr. Charles Peterson, assisted by Miss Helene Picard. The average attendance at all Parks was greatly increased this year and the program of activities was well attended, especially Water Front and Life Saving Program. Mr. Walter Boyson was the Life Saver on duty Saturdays, Sundays and after regular attendant hours at Opechee Park. This service, made partly possible Red Cross Chapter, is a service greatly appreciated by families using Opechee Park and its bath house facilities on Sundays, holidays and evenings.

All Community Houses are in constant use by various Community groups. Opechee Club House is in the process of enlargement—new heating system and kitchen. This should make a fine place in the near future for many more Community needs.

The Winter Skating program includes eight weeks, December 22 through February 16. A new rink was opened this year at Pearl Street, because of a special appropriation from the City Council, especially for Pearl Street. Also a hockey pen was built from an appropriation of \$350 awarded by the City Council for the Laconia Hockey Club. Because of numerous

delays, this was not put into use this year—but will be available for future use. The contracts for skating rinks were given out as follows: Leavitt Park and Pearl Street to Mr. Harold Tefft, Wyatt Park to Mr. John O'Connor, Opechee Park to Mr. Michael Roubo, Casino Square to Mr. Wilfred Gilbert.

The Laconia Park Commission feels the program of both summer and winter activities is a vital and necessary part of our Community and the Commission has tried to serve the citizens of Laconia to the best of its ability.

MARJORIE O. PHILBROOK, Secretary,
Laconia Park Commission.

SCHOOL DEPARTMENT

REPORT OF THE CHAIRMAN

To the Mayor and Council of the City of Laconia:

As Chairman of the School Board of the City of Laconia, I take this opportunity to again advise the citizens of Laconia that our public schools stand among the foremost in our State due to the excellent management by our Superintendent Mr. Rhoden B. Eddy. Your children's education is the greatest investment we have as citizens and everything within reason should be done to improve that investment. The management of your schools by the Board is very exacting and involves countless details and is in fact as complicated and technical as the management of the City itself. It is for this reason that the Board welcomes the presence at its meetings of the taxpayers of the city so that they may have some idea of the problems involved. The report of the Superintendent which follows will give the taxpayers in detail some of the problems that are to face us in the future if we wish to educate our children so that they will be good citizens. The expense of education at this time is known to be great and the salaries of our teachers must be considered in the light of the increase costs of living and the School Board expects to meet this problem in a reasonable manner.

The School Board as a whole wishes the taxpayers to know that it has their interests at heart and is striving to do what is best for the educational advantage of all children concerned and will favor such constructive policies as will make the Laconia School system a credit to our city.

Respectfully submitted,

THEO S. JEWETT,
Chairman, Laconia School Board.

ORGANIZATION
1945-1946 SCHOOL BOARD MEMBERS

Theo S. Jewett, Chairman
Lillian P. Dow (Mrs.), Secretary

**ANNUAL REPORT OF THE
SUPERINTENDENT OF SCHOOLS**

Members of the Laconia School Board and Citizens of Laconia:

The following report for the school year ending June 30, 1946, together with certain material relating to the year 1946-1947, will acquaint you with the progress and standing of the public schools of the city. The report should receive the thoughtful attention of every parent and citizen. It in-

dicates the type of educational service the young people of Laconia are receiving, on the one hand, and cost of those services on the other. The superintendent will consider it a privilege to supply anyone with detailed information about the schools at any time. The superintendent will be grateful for suggestions and criticisms that will aid him in improving the school system and assist him in interpreting the real desires of the citizens with respect to their schools.

Review

During the past three years the Laconia School Board has approved several important changes in the organization and operation of the school system. Each of these changes has been concerned with the effort to bring greater educational benefits to the young people of the city. Each has a basis in sound thought and practice. The changes have resulted in giving Laconia a school system that is fundamentally more effective, more flexible, and distinctly urban in structure. Naturally, there is always much to be done, but upon this structure—given reasonable facilities and services, and with continuing attention—Laconia may give its young people increasingly superior educational advantages.

The superintendent wants to pay tribute to the work of past superintendents, school boards, and teachers. Without their efforts and accomplishments upon which to build many of the gains reported could not have been brought about in so short a period of time.

The specific reasons for the recommended changes are centered in the all around welfare of the individual pupil and the social and civic responsibilities which they must assume. Four basic considerations are involved:

- (a) The need to know the individual pupil better.
- (b) The need to offer a continuously more effective instructional program.
- (c) The need to offer expanded educational services and an expanded program.
- (d) The need to train the pupil body to live together effectively in a complicated, democratic society.

The above considerations will be apparent in the following changes:

1. A re-organization of the elementary grades so that each teacher is responsible for a single grade only. (Formerly a village type of organization prevailed and a large number of rooms housed two grades.)

2. The assignment of each elementary grade teacher to the same group of pupils for two consecutive years. Teachers now have their pupils for two years in the following categories: Grades 1 and 2; grades 3 and 4; grades 5 and 6. Except in unusual cases, pupils are retained only at the end of grades 2, 4, 6, and the effort is being made to retain no pupil after the end of grade 2.

3. The re-organization of grades 7 and 8, the re-organization of the instructional program in these grades, the employment of a sub-master to direct and supervise these junior high school grades. (See Mr. Bowen's report.)

4. Extension of the kindergarten program. Lakeport kindergarten opened on a two session basis.

5. Physical education brought down through the elementary school grades from high and junior high school.

6. More time allotted to art and music in the elementary school grades. Instrumental music begun in the elementary grades.

7. A practical, efficient system of penmanship established in grades one through eight.

8. An expansion of the senior high school program to give specific training in agriculture, retail selling occupations, machine shop training, and training for food service occupations.

9. A somewhat longer school day in the junior and senior high school grades.

Beyond the above changes, the superintendent has devoted particular attention and time to:

1. The Teaching Staff

- (a) Selecting superior staff members

- (b) Encouraging staff participation in devising

procedures and adopting points-of-view that will make Laconia's school system more effective in every respect.

(c) In seeking the growth of a sincerely co-operative spirit throughout the staff.

2. The School Offering

Elementary Grades

(a) Attention to the fundamental subjects with emphasis on a continuing growth and maintenance of skills.

(b) Attention to the development of study skills—through (a)

(c) A more comprehensive offering, with decreasing emphasis on the mere learning of facts and increasing emphasis on interest in broader fields and an inquiring spirit on the part of the pupil.

Junior-Senior High School

(a) Dealt with above, and in the Junior High School Report.

3. Supervision

(a) No single activity can be thought of in this connection. The purpose of supervision is to create the most favorable learning situations possible. The major part of the superintendent's time and efforts have been and are, directed to this end. Classroom visitation, important as it is, is perhaps the smallest part of supervision. The overall results of Laconia's school system indicate the type of supervision that has been, and is being, exercised.

4. Plant and Equipment

(a) Maintenance. Elementary School Buildings. These buildings permit no expansion of facilities. They have been maintained as well as funds have allowed. (See Building Needs.) New seats and desks of a modern type are bitterly needed; about two hundred units have been on order for nearly a year, but will not be received for many more months.

(b) Maintenance. High School Buildings. Grounds. The old high school building has been partially water-proofed, but the rear wall needs to be completed. Under certain conditions the leakage is very bad. In general the buildings have had the best care possible. Much remains to be done each year.

(c) The entire ground floor of the practical arts building, nearly one-third of the whole building, was waste space three years ago. Over this period of time store room space has been created in this area and a large cafeteria and modern cafeteria kitchen have been developed and largely equipped. Cafeteria space is being used for study hall every period in the day.

(d) An agriculture shop and classroom, combined, has been set up on the ground floor of the old high school building.

(e) A small corrective gymnasium and supplementary physical education room has been made from a ground floor study hall room in the old high school building.

(f) The high school library has been improved by the addition of filing equipment, bulletin boards, and display space.

(g) A special effort has been made to supply additional equipment for the physical education program. Toilet and shower section of locker room have been improved.

(h) A part of the athletic field has been resurfaced and leveled and now awaits spring seeding. The work has been done with the assistance of the City Engineer's office.

5. Accounting and Finance

(a) An improved accounting system has been devised that will permit an accurate accounting of school expenditures and receipts and make possible a minute examination of both at any time.

(b) A budget form has been devised that segregates expenditures in categories permitting more accurate accounting for all purposes with which the school board is concerned.

EDUCATIONAL COSTS

The expenditure of public funds is usually a matter of deep interest to the taxpayer. For many reasons financial matters are difficult to explain clearly; the superintendent is anxious that the matter of school finance shall be clear. It is his hope that the following facts and figures will be understandable to everyone.

The amounts of money raised by taxation in the city and spent by the school board are of greatest interest, for this is what concerns the taxpayer most.

TABLE I

	1943-1944	1944-1945	1945-1946	1946-1947*
School Appropriation	\$170,945.00	\$181,866.00	\$188,800.00	\$217,462.00**
Teachers' Salary Item....	120,087.32	129,198.78	146,330.32	180,000.00
Money From Appropriations Left for All Other Purposes	50,857.68	52,667.22	42,469.68	37,462.00
City Valuation	15,795,051	15,893,158	16,115,106	18,989,278
City Tax Rate per \$1000	30.20	31.90	34.40	33.00
Amount of City Tax Rate for Schools	\$10.82 (35.8%)	\$11.44 (35.8%)	\$11.99 (34.8%)	\$11.45** (34.7%)

* These are the estimated budget figures for the present school year.

** Included here is the sum of \$3,000 from the bond issue and is not actually in the school appropriation; it would reduce the tax rate for schools from \$11.45 to about \$11.28.

The table should be read as follows: For the school year, 1943-1944, the sum of \$170,945 was appropriated for the operation of the schools. Of this total amount \$120,087.32 was spent for teachers' salaries, and there was \$50,857.68 left for all other purposes in the operation of the schools.

The city had a valuation of \$15,795,051 in 1944 and the tax rate was \$30.20 per thousand dollars of valuation; the school appropriation accounted for \$10.82 in the total tax rate, or 35.8%.

An examination of TABLE I will show the following facts:

1. The appropriation for schools has increased \$46,517, or 27.21% over the last four years.
2. The teachers' salary item has increased \$59,912, or 49.89%, over the last four years.
3. The amount of money, left from the appropriation, for all other purposes in the operation of the schools, has decreased \$16,395, or 32.23%, over the last four year period.
4. The city's valuation has increased \$3,194,327, or 20.2%, over the last four year period. One may, and should, discover many interesting and enlightening facts in these figures. He should bear in mind the great increase in costs that have taken place over the last four year period. The following facts are clear:

1. Laconia's effort to pay more and more adequate teachers' salaries is apparent in the increase in this item. The desire to pay these higher salaries has been general throughout the city, and has had in every case, the unanimous approval of ex-Mayor Robinson Smith; Mayor Malcolm E. Barney; and all of the City Council members who have been in office during the period, as well as of all the school board members, of course. In a real sense then, school costs have advanced with the **general approval** of the entire city for....

2. It is shown clearly that the school board has had less and less money to spend for all other purposes from the annual school appropriations—considerably less, as item number three directly above indicates. In considering total appropriations it is quite possible that this important fact has not been apparent to many taxpayers. In this connection, also, increasing costs have had to be met, for, all other salaries have increased. Fuel has increased, transportation has increased, books and supplies have increased, and so on along the entire line.

Coupled with this fact is another fact—there have been important, and necessary alterations in the school plant; the maintenance of the school plant has been relatively good, a considerable amount of necessary new equipment has been purchased, textbooks and supplementary books have been supplied the pupils in fairly adequate quantity. All in the face of a decrease in appropriations for these purposes and with no considerable increase in total income from other sources to supplement the appropriations.

The facts indicate that school funds have been skillfully and constructively spent.

TABLE I deals only with the appropriations (money raised by taxation) for school purposes. The statement was made that this money was of primary interest because it affected the annual tax bill. The school board has other funds to supplement the school appropriation. These funds, called receipts, come from tuition payments for pupils from other towns, in Laconia schools; from state and federal governments as reimbursements for certain teachers' salaries and for certain equipment; from the dog tax, from various other sources in small amounts. The receipts reduce the cost of schools to the taxpayer. TABLE II, below, completes the picture of school finances.

TABLE II

	1943-1944	1944-1945	1945-1946	1946-1947**
Money from Appropria- tion Left for All Other Purposes	\$50,857.68	\$52,667.22	\$42,469.68	\$37,462.00
Receipts	21,092.77	24,849.66	13,519.85	32,704.00***
Total Amount for All Other Purposes (Teach. Salaries Deducted)	71,950.45	77,516.88	55,989.53*	69,166.00***
Expenditures For All Other Purposes (Teach. Salaries Deducted)	67,377.97	77,516.88	61,199.03*	69,166.00***
Money Unspent — Returned to City	4,672.48			None est.
Money Spent in Excess of Appropriation and Receipts)			5,209.50*	None est.

* \$55,989.53 plus the excess expenditure of \$5,209.50 equals \$61,199.03

** All the figures in this column are estimated budget figures for 1946-1947.

*** Included here is the sum of \$3,000 from the bond issue for the athletic field resurfacing job.

The variation in receipts in TABLE II is caused by a variety of reasons, for example: Up to March 1, 1945, the city maintained Child Day Care Centers and relatively large amounts of money were received from federal reimbursements and tuition fees; up to December 31, 1945, the School Lunch program was a part of the accounting system and large sums for meals and reimbursements are also included in the receipts; for the present school year the increase in reimbursements is due to large sums expected for maintaining an Area Vocational School in connection with the high school. In this connection, the unusually large increase in the Teachers' Salary item in TABLE I, is partly due to additional teachers, two of whom are engaged entirely in Area Vocational School teaching.

In concluding this section on Educational Costs it can be said that Laconia has been spending slightly more than one-third of its tax receipts, sums ranging between eleven and twelve dollars per thousand dollars valuation, for the operation of its school system. Investigation will show that is well within the average costs for communities of this size and valuation for school support.

Laconia, in common with all of the larger communities in New Hampshire, receives absolutely no money from other sources that the local real estate tax for the support of education—excepting for those special activities involving state and federal reimbursements, which, in turn, involve local expenditures in the first place. Since education is a responsibility of state governments, despite the fact that a large part of the responsibility is delegated to the local community, there should be state funds allocated to the support of education, and local real estate should not bear the entire burden. It is to be hoped that such money will soon be available in New Hampshire. If adequate teachers' salaries are to be paid, some such assistance must be forthcoming, for it is in this item, principally, that the greatest demand for more school funds has been made. The salary item, which originally took about 70% of all the money available for school purposes is nearing 80% of the funds now available.

STATISTICS

The public school enrollment in Laconia has increased somewhat over the past four-year period, but the number of younger children who will be ready for school after September, 1947, appears to be large, according to the vital statistics of the past five years, and the estimated growing population of Laconia. The total enrollment for the year ending June, 1943, compared with the total enrollment as of December, 1946, is as follows:

	June 1943	Dec. 1946
Elementary School Enrollment	798	859
Junior High School Enrollment	258	281
Senior High School Enrollment	658	691
	<hr/>	<hr/>
Total Enrollment, City	1714	1831

The complete statistics for the school year ending June 30, 1946, follows:

Attendance Statistics, Year Ending June 30, 1946

Schools	Total Registration	Unrepeated Registration	Average Membership	Per cent of Attendance	Perfect Attendance	Tardinesses	No. visits of Citizens
Academy	201	176	174	90	1	117	120
Batchelder	93	85	84	92	0	93	14
Gilford Ave.	81	79	64	84	0	48	31
Harvard	126	203	200	91	2	59	212
Mechanic	204	181	184	91	2	183	146
Washington	123	112	106	88	0	173	40
	918	836	812	90	12	673	563
Totals:							
Elementary	918	836	812	90	12	673	563
Junior High	294	275	262	92	7	332	29
Senior High	653	642	590	95	24	628	0
Grand totals	1865	1753	1664	92	43	1633	592

In concluding this section of the report, I want to call attention to the special report concerning the junior high school which Mr. Victor Bowen has prepared and to which former mention has been made.

My deep appreciation is extended to all of the members of our teaching staff for their honesty of purpose and their conscientious efforts in behalf of the young people of Laconia. I am indebted to the same degree to the members of the Laconia School Board for their board policies of educational oversight, their sympathetic interest and their confidence.

Respectfully submitted,

RHODEN B. EDDY,
Superintendent of Schools.

The Laconia Junior High School

When a pupil has satisfactorily completed the work of the sixth grade here in Laconia he passes on to the high school and enters the seventh grade. He finds himself one of nearly a thousand pupils in a strange building with not one but several new teachers. He must take new courses in different rooms on a different daily schedule than the one to which he has been accustomed. He finds himself passing along corridors with boys and girls much older than himself but with more freedom than he had the previous year. He finds that loyalty to one teacher has become loyalty to several teachers. He must adjust himself to several personalities rather than one. All this is confusing. It was felt that if these pupils could be in a school of their own with fewer teachers, activities purposely planned for them and steps taken to help them to adjust themselves as quickly as possible to this new situation it would be decidedly to their benefit.

During the past two years a junior high school has been in the process of organization for the purposes just mentioned. While all seventh and eighth grade pupils must pass through the same corridors on the same bells, make use of the same class rooms in many instances and eat in the same cafeteria, an attempt has and is still being made to create a feeling of unity as well as separation from the four senior high classes.

Junior high pupils have their own home room teachers who act as guides and counsellors, their own assembly programs, clubs and organizations. Each week a one hour assembly period is devoted to some activity which gives pupils a chance to express themselves on the stage in one capacity or another. If a pupil is musical his talent is cultivated or if he is dramatically inclined he is given an opportunity to act in a play. Perhaps he plays a musical instrument. If so he will be given an opportunity to develop this talent in the junior high orchestra. Worth while moving pictures are used to supplement pupil programs.

Junior high pupils spend nearly half of their time with one teacher who teaches them social studies. This consists of English, geography and history in the seventh grade while guidance takes the place of geography in the eighth grade. This is in keeping with the plan to make the change from elementary to high school more gradual.

An after school club program has been organized specifically for those boys and girls designed to meet their interests and capabilities. The success of this program may be judged by the large enrolment. The junior high glee club and the sports club each have about seventy members. The glee club plays an important part in assemblies during the year, serving as a basis for the organization of a musical production such as the minstrel show that was so successfully given in May of 1946. The sports club fits its program to the season as well as to the wishes of its members, many of its activities taking place out of doors.

The orchestra consists of about twenty members many of whom have never played a musical instrument before. Some find they have talents along this line that they never realized. In succeeding years the senior high band and orchestra are bound to benefit from this newly formed organization.

Those interested in writing and composition join the Jot-It-Down club which devotes itself to the publishing of school news in the local paper under the title of **Junior High Flashes**. They also publish a junior high year book before school closes in June.

A new formed group is the photography club which finds much pleasure in learning not only how to take good pictures but how to develop and print them. Other clubs which pupils may join are the dance club for girls, handicraft club, junior craftsman's club, and the dramatic club.

In addition to these activities the boys carry on an extensive intra-mural and inter school athletic program. After instruction in a sport such as basketball, they play teams chosen

from their own group. Boys who are best qualified are then chosen to play on their class teams against one of the local Parochial schools or Tilton-Northfield school. The large number of participants testifies to the popularity of this program.

Further opportunity is being given to pupils for self expression in a monthly broadcast over station WLNH. For this we are duly grateful to its manager.

This year an opportunity is being given to most of the twenty boys in the special junior high class to acquire a greater variety of skills in manual arts. Two periods of sheet metal and electrical work as well as two periods of machine shop work supplement their regular program of woodworking and cabinet making. The expansion of this program has met with a marked degree of success and it is hoped that in the future more opportunities of a similar nature may be offered to these boys. An academic program is being planned which will benefit them in carrying on their manual arts program.

Proceeds from the sale of tickets for the Minstrel Show given in May of 1946 and the magazine sale campaign carried on last fall will enable the junior high school to purchase a new sound projector. It is felt that activities of this sort are not only financially beneficial but help to develop personal characteristics which will aid pupils in later life.

It is felt that a spirit of unity has been and is still being developed among the 276 pupils of the seventh and eighth grades. They no longer need to think of themselves as accessories of the senior high school but, rather, members of a school of their own. It is hoped that the quicker adjustment to new situations as well as the expanded program of varied activities being developed will have justified the establishment and organization of the Laconia Junior High School.

Respectfully submitted,

VICTOR H. BOWEN,
Sub-master, Laconia High School.

Respectfully submitted,

CLARENCE S. NEWELL,
City Treasurer.

MUNICIPAL REGULATIONS

for payment of bills against the city

All bills against the city must be approved by the persons authorizing the charge, and unless this is done, no action can be had upon the bill by the committee on accounts and claims, and no order will be given for its payments.

When bills are certified to as above, and left with the City Clerk not later than Thursday at 12 o'clock M., preceding the last Monday of each month, they will be audited by the committee on accounts and claims, and if approved by them and allowed by the Council, will be ready for payment on the following Wednesday, at the office of the City Treasurer.

Meetings of the committee on accounts and claims are held on Friday preceding the last Monday of each month at 7:30 p. m., at the City Clerk's Office.

CITY EXPENSES

For the year ending February 15, 1946

Being an itemized account made up from the books of City Clerk of the payments made by the City Treasurer on account of running expenses.

The arrangement of the details of expenditures which follow is intended to give much information as is desired by the public.

Items of payments to the same person or firm at different times are included in the aggregate amount given, if paid for the same objects. Efforts have been made to ascertain and pay all approved bills to date.

COUNTY TAX

Appropriation	\$65,572.06
Paid Ralph C. Kimball, treasurer, county tax	\$65,572.06

AUDITOR

To the Honorable Malcolm E. Barney, Mayor and the City Council of Laconia, N. H.

Gentlemen:

Having completed the audit of the financial accounts of the City of Laconia for the fiscal year ended February 15, 1946, I present the following statements showing the financial condition of the City as of that date.

Exhibit I Appropriations Account year ended February, 15, 1946

Exhibit II Excess and Deficiency Account

Exhibit III Balance Sheet as of February 15, 1946

Exhibit IV Serial Debt as of February 15, 1946

The following items appearing in the balance sheet are commented upon as follows:

Cash **\$100,998.05**

This cash balance was verified by the various bank statements with the records of the City Treasurer and compared with the ledger of the City Clerk; all receipts and expenditures of the City Treasurer were properly checked with the different Departments of the City; an audit of each monthly draft is made by the City Auditor as a final check upon all bills before payment is made by the City Treasurer. All Bonds, Notes and coupons paid are carefully checked with the records of the City Clerk.

Property Sold to City for Taxes **\$4,640.16**

This amount of un-redeemed taxes has been reduced nearly \$1300.00 during the fiscal year; I would recommend that a special effort be made during the coming year to lower this amount to a minimum.

Accounts Receivable—Taxes **\$35,831.85**

The Collector's records of unpaid taxes were examined by me as well as all taxes paid; all payments were checked with the records of the City Treasurer.

Warrants from the Board of Assessors to the City Tax Collector covering the commitment of all taxes were examined and all abatements were compared to see that they were approved by the Board of Assessors; I would recommend that more care be given the enumeration of the Poll Tax Census as a lot of unnecessary work could be avoided by so doing; it was necessary to abate over 500 poll taxes this year which should never have been placed upon the books.

The collection of current taxes by the Tax Collector has been extremely good this year as there remains only \$26,091.56 uncollected as of February 15, 1946; practically nothing, however, has been done towards reducing the amount of unpaid taxes of previous years and as I have stated before, these taxes are rapidly reaching the worthless stage and will become so unless something is done at an early date; all Poll Taxes especially, should either be collected or abated so that a true picture of our accounts receivable, taxes, could be presented.

State of New Hampshire Bonus Tax—1944 **\$2,976.00**

This amount of uncollected Bonus Tax still remains on the books of the City as of February 15, 1946; the City has no value in this amount but has to carry it on its books until it is either collected or abated.

State of New Hampshire Bonus Tax—1945 **\$4,545.00**

This amount of 1945 uncollected Bonus Tax remains on the books of the City as of February 15, 1946: the same applies to this amount as to the one above.

Balance Due from Martha E. Johnson **\$7,096.24**

A Court action in the name of the City of Laconia as plaintiff for the recovery of \$22,096.24 against Martha E. Johnson resulted in a judgment in favor of the City for the full amount: the Bonding Company paid the \$15,000.00 limit of the policy, and the above amount remains unpaid and must be carried as an asset.

Highways and Bridges **\$9,647.72**

This amount is being carried over as an unexpended balance to the credit of this Department for the purchase of equipment which was ordered during the year but not delivered to them before Feb. 15, 1946.

Schools 1945-1946 **\$74,548.55**

This amount is carried as an unexpended balance to the credit of the School Department owing to the fact that the School year ends June 30, 1946 and the fiscal year of the City ends February 15, 1946.

Child Day—Care Centers **\$1,500.00**

This amount unexpended from the original \$2400.00 appropriation for this purpose.

History of Laconia **\$2,000.00**

This amount has been appropriated for this purpose and it was deemed advisable to hold it until the work is completed.

Opechee Community House **\$1,508.02**

This project is partially completed and the above amount remains to finish the work from the original \$4,000.00 appropriation.

Sewage Disposal Engineering **\$9,750.00**

This amount was borrowed from the Federal Government for the purpose for which it is named and none has been expended up to the end of the fiscal year.

Leavitt Fund **\$1,235.20**

Miscellaneous Liabilities **\$915.87**

Motor Vehicle—1946 **\$911.23**

The above amount received from this source of revenue was checked and verified with the receipts of the City Treasurer and also with the permit cards.

Overlay for Abatements **\$8,113.21**

As it is expected that there will a large amount of abatements during the coming year, it was deemed advisable to carry this amount over for the purpose for which it was intended.

State of New Hampshire Bonus Tax—1944 **\$3,000.00**

State of New Hampshire Bonus Tax—1945**\$5,625.00**

The sum of \$7,521.00 of State Bonus for the years 1944 and 1945 remains uncollected as of February 15, 1946; as a result, it is necessary to carry this amount as an asset and also as a liability as the City has no value in this account; in addition, the sum of \$1,104.00 was collected prior to the end of the fiscal year but not paid to the State of New Hampshire on or before that date so that amount has to be carried as a liability also as it still remains in our cash balance. These two amounts together total the above named liability.

Unexpended Appropriations**\$89,204.29**

Appropriations made during the year were verified with the records of the City Council and expenditures were properly approved by Treasurer Warrants: all transfers were approved by the Mayor and City Council; a detailed report of all appropriations may be found in Exhibit 1 of this report.

Notes—None Outstanding as of February 15, 1946

Credit Balance**\$37,332.50**

The above amount represents the excess of current assets over current liabilities and is nearly twice as large as the one of the previous year; this excess would have been much larger had not the sums of \$9,647.72 been transferred to Highways and Bridges, \$1500.00 of the Child Day-Care Center carried over as an unexpended balance, \$8,113.21 of the Overlay for Abatement account as an unexpended balance and \$10,000.00 allotted to the Revenue Account.

SERIAL DEBT

The Serial Debt outstanding as of February 15, 1946 is detailed in Exhibit IV of this report and shows a net debt of \$85,500.00 which I believe to be the lowest level ever; during the past year \$31,750.00 was paid on the Serial Debt with no additional Bond Issues. The Mayor and City Council should be commended highly for their fine showing.

CEMETERY TRUST FUNDS

The following statement of Trust Funds was verified by examining all pass books of Savings Banks and Securities held by the Trustees and by checking all expenditures with the Savings Bank Books. All receipts and expenditures are properly recorded on their books.

STATEMENT OF TRUST FUNDS

Amount of Trust Funds on Hand February 15, 1945	\$64,526.77
Trust Funds Received during Year	3,475.00
Unexpended Interest on Hand February 15, 1945	3,422.54
Interest Received During Year	1,567.12
	<hr/>
	\$72,991.43

Balance of Interest on Hand February 15, 1946	3,481.11
Principal of Trust Funds on Hand—Savings Banks	67,901.77
Principal of Trust Funds on Hand—Water Co. Stock	100.00
	<hr/>
	\$72,991.43

EDGAR B. PRESCOTT, Chairman
CHARLES F. AYERS, Sec'y.-Treas.
KENNETH D. HOPKINS

LIBRARY TRUST FUNDS

The books of the Treasurer were examined by me and the balances verified by Statements from the Bank. All expenditures were properly checked and compared with receipted bills.

I wish at this time to express my appreciation for all courtesies extended me during the course of my examination by all the Departments: also to commend all Departments for their efforts to keep within their budgets during the past year.

Respectfully submitted,

DANA S. BEANE, Auditor.

CERTIFICATE

I hereby certify that the accompanying balance sheet and the statement of Serial Debt reflect the financial condition of the City of Laconia as described by its books at the close of the fiscal year ended February 15, 1946. I further certify that I have audited the income and expense accounts of the City for the past year and have found them correct as detailed in my report submitted herewith.

DANA S. BEANE, Auditor.

SUMMARY OF VITAL STATISTICS

Number of births	432
Number of marriages	175
Number of deaths	209
Number of deaths occurring at Belknap County Farm	11
Number of bodies brought here for burial	68

By Chapter 106 N. H. Laws of 1917, the Clerks of Cities and Towns are required to send a copy of every child's birth certificate to its parents, and if said copy is not received within sixty days from date of child's birth, the parents should notify the City Clerk, in order that same may be placed on record.

Efforts have been made to make the records of vital statistics correct as possible. Should any error or omission be detected, the City Clerk will appreciate the kindness conferred by being informed of the same, that the records of the city be made right.

EARL FLANDERS, City Clerk.
